

1 Day : Kulen Mountain Adventure

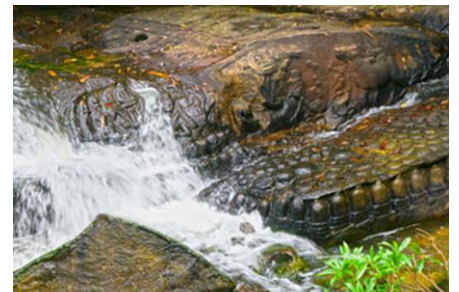

Start : 8am

Depart from your accommodation in the morning heading north towards Kulen Mountain an approximately 1 ½ hour drive in your comfortable air-conditioned vehicle. Enjoy the scenic ride along the way as you pass through local villages and verdant tropical forest.

You will visit Cambodia's biggest Reclining Buddha carved from sandstone. The temple is located on top of the hill and can be reached through a steep flight of steps.

Next you will set off to the sacred river of 1000 Lingas. The riverbed is intricately carved with numerous lingas, a phallic symbol of the Hindu god, Shiva. You will also see rock carvings along the river depicting Hindu deities. You will continue through another sacred site, the Phnom Kulen Waterfalls.

Calm your senses by watching the waterfall tumbling down the rocks. Enjoy swimming and cavorting in their cool waters, no doubt with some Khmer, under the midday sun.

Discover and learn more about the historical and cultural significance of Phnom Kulen as your guide walks you through each of these landmarks. Stop for lunch (at your own account) at a local restaurant on the way back to your accommodation in Siem Reap. Sit back, enjoy a cold beer or three, iced water or juice and real Khmer food. Then the final drive to Siem Reap.
